

## How the EMERALD EXTRAS PAKS Program Works

Each Emerald Extras Pak includes its own product categories and product lists, from which growers may select. They are based on approximately 400 acres, but are qualified through product purchase volumes. Details for each eligible program follow.

- Earn one base award for each qualifying pak purchased.
- Two unique base paks can be redeemed for one upgrade award.
- One base pak plus one upgraded pak can be redeemed for an upgrade plus award.
- Three unique base paks can be redeemed for one upgrade plus award.
